

Optimize your business with Counter Service Restaurant Plan

It's smart, simple, speedy and secure

Connect with your guests, transact quickly and accurately, and do it all faster than ever. Clover Counter Service Restaurant is the all-in-one restaurant management, and payments plan created exclusively for fast casual, quick serve, cafes and all other counter service restaurants.

Simple to set up and easy to use, Counter Service Restaurant works seamlessly across Clover Station Pro, Clover Mini and Clover Flex (for line busting) point-of-sale (POS) devices, empowering you to run your restaurant smoothly and profitably.
